Sri. I. C. Rangamannar
Hon'ble Chairman, RISE Krishna Sai Group of Institutions
"India needs disciplined youths. Today's students cultivate youthful idealism in them to discharge their tomorrow's responsibilities. Art and science should be synchronized in their performance"

Sri. Sidda Venkateswara Rao
Hon'ble Vice-Chairman, RISE Krishna Sai Group of Institutions
"If information alone is education, today's students require no assistance at all to make strides in their fields. Technological devices can be their best sources of learning. But there is a lot to learn on the part of student besides academic information. Character building ought to be one of the cardinal objectives of education. I give importance to education based on character."

Sri. Sidda Hanumanta Rao
Hon'ble Secretary and Correspondent, RISE Krishna Sai Group of Institutions
Organisations can stand in the forefront of success only when they invite employees possessing impressive human values. Success on the part of an individual employee does not simply mean the currency one receives. It also means the employee's determined dedication to stand by the vision of the organization. Value-based career life is the ultimate achievement one ought to aspire for. I put all my efforts to prove that the RISE students do inculcate among themselves the right human values besides professional talents.

Sri. Sidda Bharath,
Hon'ble Treasurer, RISE Krishna Sai Group of Institutions
"We are nurturing the best possible qualities among our students right from the first day of their entry into our campus. We are striving to become a solution spot for all parents and students to see their success in reality. We want to be a happy association with our students and a parent since one of our cardinal aims is to be a part of their excellence."

Dr. K.V. Subrahmanyam,
Director, RISE Krishna Sai Gandhi Group of Institutions
"Professional education should pave the way for flourishing careers. We, therefore, focus more on sharpening our students' wholesome progress in our campus. We train our students to be self-reliant with respect to enrichment of their profiles. We are confident that our students are sure to prove their skills and adapt themselves to all global standards and expectations. We are committed to facilitate ultimate satisfaction to our students, parents and professionals."

Dr. L.Prasad
Principal, RISE Krishna Sai Prakasam Group of Institutions

RISE TALENTS

The Diamonds of a Crown

RISE YUVA is another feather in the Technical Research creative group of our institutions. Here are our young technocrats presenting their vision of their new security app that is being developed to the superintendent of police of Prakasam district. We are proud to say that our brave hearts are working in collaboration with the real policing system. It's here students become stronger and more creative in the face of resistance.

RISE Krishna Sai Groups believes in the system of values, we established a system of organic unity between human kind and nature and the ethic of social responsibility. Here is the team of our students rendering their services through 'BHOOMI' Foundation.

Research conferences/seminars are to understand the latest scientific research and interest. This is the place which elevates the individual research intellect. We are proud and delighted to project our research paper presentation winners at various colleges crossing the barrier of heavy competition with quality papers.

RISE BHASHITA:

We nurture our students to nurture themselves...

When the commitment to a goal is intense, no hurdles can become constraints. RISE knows well that within the limitations of the university syllabus, it may not be possible to produce global competitors. The result is the emergence of RISE Bhashita, a communication skills syllabus initiated by RISE with specially designed curriculum and activity oriented approach to make students grasp the different techniques of English learning and speak with almost little effort. The modules of the syllabus start from the First year First Semester and continue in every semester till the student completes his course. Displaying unflinching enthusiasm and earnest efforts, our students have participated and won rewards in many competitions and techno-fests in other colleges across the state.

RISE FACULTY

An Epitome of Dedication & Dignity

The RISE Krishna Sai Group believe in deeds, not just words. The committed RISE faculties provide students with the most appropriate scholarship and dexterity. All the RISE faculties possess outstanding academic record and directional expertise. They are just excellent in the way they work hard to impart knowledge, both theoretical and practical, and also in instilling some values in them that make students truthful citizens of the country. Every faculty in the RISE campus is young in age but in everyone you are sure to find an experienced and professional sage.

RISE RAAGA

Care - Counsel - Conducive

Keeping in view the role of women in family life and professional arena, RISE is determined to make its girl students bold and self-reliant. Besides technical and professional expertise which makes them stand on their own feet, today's girls should be endowed with strength of the mind and character in order to face the challenges that life offers. RISE always wishes to stand on the girls' side and their rights in their mission of excellence. Parental and organizational expectations are given utmost importance in the RISE campuses. RISE RAAGA – an association of girl students organizes special programmes for girl-students to strengthen their individuality, confidence and achievement attitude.

RISE INDIA

The Grandeur Of Rise...!

Professional course demands skill based performance. Professionalism is an amalgamation of both science and art. To create ease in the process of students' professionalism, RISE has created a world of excellence and it is named after RISE INDIA standing for RISE Institute of Novel Development of Internal Abilities. It has come into existence to create opportunities for the students' whole some personal, academic, cultural, social, creative career and professional excellence. It is the best platform for students to showcase their talents, skills and abilities. The auditorium is the hub of all the various activities providing students with actual experience of performing their art on the stage.

SOCIAL ACTIVITIES

Service Is Our Part Of Learning

Establishing an educational institution is a responsible deed in the perspective of society and people in the sense that it not only should produce values-instilled intellectuals but also should be on the frontline to show compassion for society. RISE is an organization that has a broad philanthropic view in addition to catering the academic and professional needs of students. In a way RISE stands out as an exemplary inspiration to its students by organizing several activities towards social concern. The blood donation camps initiated by RISE and generosity displayed by its students serve as a good example of this fact. Besides our students visit the habitats of the underprivileged to supply them their basic needs on a regular basis.

INDUSTRY - ACADEMIA

Learning Leads To Reality...!

In RISE, industrial visit is considered as part of college curriculum, which is essential in a career of a professional student. We scrupulously conscious to provide real time learning to our students by organizing various industrial visits which helps them to understand the working environment of the company in advance. The visits we have planned till now resemble that we do what we say.

RISE LABS

Theory Meets Practice

The most pivotal aspect of technical education is practical learning. A technocrat must be capable of applying his knowledge to find solutions to the problems of society. The Computer Lab, the Language Lab and all the other technical labs in the RISE campuses form a unique world of excellence. Technical skill development on the part of the RISE students is taken up as a mission in these labs. Individual nurturing is aimed at sharpening of intellectuality and supplementing of deserving scholarship. Consequently, some of our students have initiated their own projects and conducted innovative experiments giving reality to their out-of-the-box thinking.

LIBRARY

Wisdom Lies Here...!

In the process of a student becoming an intellect, books serve as the best companion to students. Also, as part of enabling students with academic freedom they must be encouraged to read, refer and research their subjects in various books. RISE understands this well and so it not only provides students with the richest books published by different sources across the world but also special library hours are created in the time-table and thus students are encouraged to develop self-study habits. The RISE libraries possess both National and International magazines to supplement students' scholarship needs.

RISE CARNIVAL

A Feast Of Entertainment

Happiness is the richest quality of human life. RISE CARNIVAL is an event organized every year wherein every student is encouraged to take part in all games and sports. It is a platform for students to exhibit their talents and skills. RISE is an adobe of edutainment. It gives equal priority to both academics and extracurricular activities. We make the students to be disciplined in academics. We also make them to be energetic and enthusiastic during the time of events.
